# PYRUS PANELS

**Pyrus Panels wins the iF DESIGN AWARD 2025 – an outstanding success in international design!**

Bad Aibling, March 5<sup>th</sup> 2025 – Pyrus Panels is delighted to announce that the PSB® lisocore® board has been honored with the prestigious iF DESIGN AWARD 2025. This globally renowned award is a seal of quality for outstanding design and design quality. It has been awarded by iF International Forum Design GmbH, one of the oldest independent design institutions in the world, for over 70 years.

The award was given in the discipline *Product*, category *The Sustainable Building Panel*, and honors the innovative and outstanding design of the PSB® lisocore® Board. This makes Pyrus Panels one of the best among the almost 11,000 submissions from 66 countries – an impressive achievement that underlines the highly competitive nature of this award.

With its groundbreaking sustainable high-performance board with cover layers out of palm leaves, the PSB® lisocore® board convinced the international jury of experts, which consists of 131 independent design professionals, prevailed against the high-caliber competition and deservedly received the coveted seal of approval.

Further information about the PSB® lisocore® board can be found on the official [ifdesign.com](https://ifdesign.com) website under “Winners & iF Ranking”: [iF Design- PSB® Lisocore® Panel](https://ifdesign.com/winners/if-ranking/if-design-psb-lisocore-panel)
